Investing in communities

Welcome to an update on the Derwent London Community Fund 2015.

In May 2013, Derwent London launched a £250,000 community investment fund for Fitzrovia to support local projects. The investment areas for the fund were identified through engaging the local community during 2012. Feedback suggested supporting improvements to public spaces and street environments, community programmes and events and activities around arts and culture. To date a total of £145,000 has been awarded to local organisations.

Year 1

Fitzrovia Community Centre

£30,000 was awarded for creating a community garden at the Fitzrovia Community Centre including a pop-up café and gallery. With the help of numerous volunteers, the project was launched in July 2014 and further work will continue to unfold in the years to come. The courtyard garden has been transformed into a delightful oasis in the heart of Fitzrovia and provides a much-needed open space for use by all.
