

10 December 2018

Derwent London plc (“Derwent London” / “the Group”)

Derwent London announces extension to Community Fund until 2021 and successful applications for its autumn round

Derwent London is delighted to confirm the extension of its Community Fund for a further three years. Furthermore, it is pleased to announce the successful applicants for its Community Fund (autumn 2018 round) from local community groups, residents and local business owners in Tech Belt*.

Islington Boat Club – spring 2018

The Garden Classroom – spring 2018

A further £300,000 has been confirmed for its Community Fund, running from 2019 over three years and the area scope of the Fitzrovia part will extend to include the West End as well.

For the autumn 2018 Tech Belt allocation, over £25,000 is being awarded to the following projects:

Autumn 2018 - Tech Belt

- **Access to Sports** – Holiday programme
- **Holborn Community Association** – Creative arts for young people
- **Providence Row** – Breakfast service
- **Society Links** – Digital Explorer
- **Soapbox** – Digital Talent Pipeline
- **Urban MBA** – The Untold Truth

The projects chosen were from the largest number of applications received to date. A community panel was convened with officers from the local authorities and staff from Derwent London, to contribute to the decision-making process. There was an impressive range of applications and the winning entries have been selected on the basis that they will offer positive benefits – from employment to environmental, social, cultural, arts and health.

John Davies, Head of Sustainability at Derwent London, commented:

“We are really pleased to confirm an extension to our fund which will now broaden the area scope for applicants in the West End. Furthermore, we are once again really pleased to see such a great range of local projects for the Tech Belt this autumn and to be able to support some of these. We look forward to continuing to support local initiatives in the years to come.”

**The Tech Belt is defined here as the area extending from King’s Cross to Whitechapel, largely covering EC1 & E1.*

Notes to editors**Derwent London plc**

Derwent London plc owns 87 buildings in a commercial real estate portfolio predominantly in central London valued at £5.0 billion (including joint ventures) as at 30 June 2018, making it the largest London-focused real estate investment trust (REIT).

Our experienced team has a long track record of creating value throughout the property cycle by regenerating our buildings via development or refurbishment, effective asset management and capital recycling.

We typically acquire central London properties off-market with low capital values and modest rents in improving locations, most of which are either in the West End or the Tech Belt. We capitalise on the unique qualities of each of our properties – taking a fresh approach to the regeneration of every building with a focus on anticipating tenant requirements and an emphasis on design.

Reflecting and supporting our long-term success, the business has a strong balance sheet with modest leverage, a robust income stream and flexible financing.

Landmark schemes in our 5.5 million sq ft portfolio include White Collar Factory EC1, Angel Building EC1, The Buckley Building EC1, 1-2 Stephen Street W1, Horseferry House SW1 and Tea Building E1.

In 2018 to date the Group has won Property Week Property Company of the Year and EG Offices Company of the Year, whilst White Collar Factory scooped RIBA National and London awards, RICS National and London awards, two BCO awards for Commercial Workplace and Innovation, an EG Creative Places award and an NLA Wellbeing award. 25 Savile Row also won RIBA National and London awards and SKA Gold for the fit-out. In 2017 the Group collected the Property Week Developer of the Year award and EG Offices Company of the Year and won further awards from RIBA, Civic Trust and BCO. In 2013 Derwent London launched a voluntary Community Fund and has to date supported 70 community projects in Fitzrovia and the Tech Belt.

Background to the Derwent London Community Fund - Fitzrovia

Derwent London's Community Fund forms part of the Group's on-going sustainability programme and commitment to developing community engagement. Creating Value in the Community is a key priority and, to deliver on this principle, the Group has evolved a voluntary Community Fund to support local projects in the key areas in which it operates. Funds are designed to support projects with a focus on community events, environmental improvements, health & well-being activities, music & culture and ongoing help for disadvantaged/isolated groups. Starting with Fitzrovia in 2013, the Group offered a £250,000 Community Fund and supported 17 local projects from 2013 – 2015. Notable projects have included resurfacing a multi-use games area, music workshops for people with mental health problems, art project for homeless people and lunch club for the elderly.

In 2016, Derwent London announced an extension to the fund of £300,000 to be shared equally in Fitzrovia and now in the Tech Belt, to be spread over three years and a further £300,000 commitment was made to continue the Fund from January 2019 for three years, with the Fitzrovia scope being widened to include the West End.

Community Fund in Tech Belt

The Tech Belt Community Fund launched in 2016 and runs twice a year (summer and winter) offering c.£25,000 each time. The context, background and issues around the considerably larger Tech Belt area are somewhat different and more diverse than Fitzrovia and so the scope has been extended to support:

- young people, training & upskilling, increasing employment/apprenticeship opportunities for disadvantaged people in the area and in particular for access into tech/startup businesses
- health & well-being activities for all generations
- worthwhile community events, music, culture & arts
- small improvements to public space

Registered charities can apply for £5,000 maximum; non-registered groups, businesses and individuals can apply for £2,000 maximum. Applications will be considered by representatives from Derwent London and the local community. For further information and how to apply, please visit:
