

Insurance

We use insurance to transfer risks which we cannot fully mitigate. Our comprehensive insurance programme covers all of our assets and insurable risks. We are advised by our insurance brokers, Marsh, who report to the Risk Committee on an annual basis. We have a long-standing relationship with our insurers, RSA, who perform regular reviews of our properties that aim to identify risk improvement areas.

During 2020, the insurance market hardened with insurers reducing the amount of capacity they are willing to allocate to any one risk. This resulted in an overall capacity contraction, conservative underwriting and a significant rise in premiums. The largest insurance risk for Derwent London relates to construction and Directors' & Officers' insurance as both current policies expire in 2021 and we are expecting to see premiums increase due to current market conditions.

In respect to Property Owners insurance, we were pleased to arrange a new Long Term Agreement in March 2020, which means that both Derwent London, and our occupiers, will not suffer any significant premium increases during 2021.

Compliance training

Since May 2019, the Risk Committee has operated a training programme which provides refresher training on a range of risk and compliance topics (including anti-bribery and corruption, data protection and modern slavery) to all employees and members of the Board.

At the launch of each training topic, an introductory email is sent to participants advising them of why the training is important and links to further information (including Company policies and guidance notes). The training is accessed via an online portal and each topic takes approximately 30 to 60 minutes to complete.

The topics covered during 2020 included:

- anti-money laundering;
- competition law;
- fraud awareness; and
- cyber security.

The Committee were pleased with the level of engagement from employees for the new compliance programme with on average 95% of all participants (inclusive of the Board) completing each training module.

Risk tolerance

Like any business, we face a number of risks and uncertainties. An overview of the Group's risk profile is available on pages 84 to 99. The Group's risk tolerance is set by the Board and is the level of risk we are willing to accept to achieve our strategic objectives. During 2020, the Board added climate change resilience to its Risk Appetite Statement and set its risk tolerance as low.

Our overall risk tolerance is low and is contained in our Risk Appetite Statement (see the table below for an overview of this statement). This tolerance, alongside our culture, informs how our staff respond to risk. Due to our open and collaborative working style, any potential problem, risk or issue is identified quickly so appropriate action can be taken.

Operational	Operational risks include health and safety risks, continuity of the IT system and retention of the senior management team.	Health and safety	Zero

The Board accepts this market risk but seeks to manage and mitigate its impact where possible.</p>	Credit rating	Low

		Profits (£5m)	Medium
